

*imagine the possibilities*

# CIELORA

*Where privacy, design and safety come together*

As a producer of laminated glass, CURA Glass has Cielora in its product range. CIELORA is laminated glass with a unique pvb foil. The pattern, with a transition from opaque to transparent, creates a unique and breathtaking experience. CIELORA offers unprecedented opportunities in (indoor) home architecture where privacy, design and safety play an important role.

## Choose Cielora!

- ◆ Numerous possibilities in insulation and laminated glass
- ◆ Unique combinations possible in laminated glass with sound-reducing, self-cleaning and heat-reflecting glass
